

# ***NEW PRODUCT RELEASE!***

## ***PASS53104 - AOD Shift Linkage Kit***

Performance Automatic, Inc. announces the release of a new shift linkage kit for the AOD transmission. Customers wanting to install the AOD transmission into an early Mustang or other Ford vehicle and retain the factory shifter can now have the correct linkage at their fingertips. Performance Automatic designed this kit to include the proper brackets to insure the perfect ratios and quadrant placement.

The kit includes the proper shift lever for the AOD transmission and the heavy duty connecting linkages to easily bolt to a factory floor shifter. Installation is made easy with simple instructions and hand tools.

In stock and ready for delivery January 1, 2005.
